

Product Data Sheet

Tile Spacer

Equal , Neat Shaped Flexible Tile Spacer For Floor and Wall Tiles.

DESCRIPTION

SEA STAR Tile Spacers keep grout lines the same width and help to line up tiles at the corners when installing floor or wall tiles. The spacers are made from flexible material for ease in placing and adjusting tiles. The easy way to achieve a more professional tiling finish. For constant and even spacing of tiles

SPECIFICATION

- Flexible PVC
- Easy Breakable Legs for T-Shaped Spacers.
- Works with all sizes of ceramic tile, porcelain, stone and marble.
- Evenly space and help align wall or floor tiles.
- Makes uniform grout lines.
- Provides quick, professional-looking results.

USAGE INSTRUCTIONS

- Simply place the spacer at each corner of the tile and position the next tile alongside
- At edges and corners use T or L sections by removing individual legs
- When the tile adhesive has set, the spacers may be left in place and grouted over, or removed and re-used.
- Float in water for easy clean-up and re-use.
